# *Customizable* coverage

## John Hancock Vitality Term life insurance can help you:

- **Enhance your loved ones' financial security**  
by providing a death benefit that is generally income tax-free benefit when they need it most
- **Meet changing needs** with robust options to convert to one of our permanent life insurance policies
- **Earn premium savings and rewards** for the everyday things you do to live a healthier life

Your life insurance policy contract will describe your coverage under the policy, exclusions and limitations, what you must do to keep your policy in force, and what would cause your policy to be discontinued. Please contact your licensed agent or John Hancock for more information, costs, and complete details on coverage in order to help you determine if the policy is suitable for your needs.

# What can a term life insurance policy do for *you*?

Term is the most basic type of life insurance you can buy. It's called term insurance because it offers benefits that cover a specified period of time.

## **Are you single, engaged or married?**

In the event of your untimely death, a term life insurance policy can provide help to any loved ones you may be supporting, settle any of your outstanding obligations, and continue to pay other expenses after you're gone.

## **Do you have children?**

With term life insurance, you gain the peace of mind your children will be provided for, helping them live the life you dreamed of when they were born.

## **Do you own a house?**

A term insurance can pay down or pay off your mortgage so your loved ones can continue to call their house home.

**Plus, Vitality Term offers you robust options to convert to a permanent policy to meet changing needs.**

# *Tailor* your John Hancock Vitality Term policy

Take a look at the valuable features John Hancock Vitality Term<sup>1</sup> offers you, giving you the opportunity to customize your policy to fit your specific needs:

## **Choice of term length and coverage**

Customize your policy to meet your coverage needs, selecting from a 10-, 15-, 20 or 30-year term duration.

## **Guaranteed coverage period**

The death benefit you choose is level and guaranteed not to change for the duration of your policy.

## **John Hancock Vitality**

At John Hancock, we believe in helping our customers live longer, healthier, *better* lives and your term life insurance policy automatically includes John Hancock Vitality PLUS. When you participate in this program, you have the opportunity to earn premium savings and you'll be rewarded for the everyday things you do to be healthy, like exercising, eating well and getting annual check-ups.

## **Guaranteed option to convert to permanent coverage<sup>2</sup>**

Up to age 70, you have generous time frames in which to convert your Vitality Term policy to a John Hancock permanent policy. Plus, you can earn an enhanced conversion benefit (up to 15 years) based on Vitality PLUS participation and term duration.

1. Insurance policies and/or associated riders and features may not be available in all states. Some riders may have additional fees and expenses associated with them. Vitality Term is not available in New York.

2. The available conversion period is the lesser of the end of the level term period or attainment of age 70. Conversion is limited to John Hancock policies offered to individual policy owners at the time of conversion. If the new policy includes a rider that is not in force on the term policy, evidence of insurability is required. For conversion to survivorship products, retention and certain underwriting considerations may apply. Unlike term insurance, variable universal life insurance has fluctuating returns and death benefits, and because variable universal life insurance policies offer investment options, there are investment fees in addition to the cost of maintaining an insurance policy. Please refer to your contract for details of your conversion provision.

### **Total Disability Waiver rider<sup>1,3</sup>**

If you are disabled for six months or more, this benefit — which you can add when your policy is issued — waives your annual premium up to \$5000 per month for the duration of your covered disability or for the duration of your policy.

### **Accelerated Death Benefit rider<sup>1, 4</sup>**

You can broaden the protection of your term life insurance policy with this feature, which allows you to access up to 50% of the death benefit if you become terminally ill.

3. In the event of total disability, the Total Disability rider waives the premium up to a maximum of \$5,000 per month. Rider available to issue age 55, \$5 million maximum face amount, on all policies. If disability occurs before age 60, premiums are waived until recovery or the termination of the contract, whichever is earlier. If disability occurs between ages 60 and 65, premiums are waived until the earliest of contract termination, recovery, or age 65. The cost for this rider is based on the insured's age at issue and the policy's face amount.

4. The Accelerated Death Benefit rider provides a living benefit if the insured is certified to be terminally ill. Benefits may be taxable under current tax law and receipt of benefits may affect eligibility for public assistance programs. Benefit is payable to the policy owner. Please consult your tax professional regarding the tax implications of benefits received under the Accelerated Benefit. This provision allows the insured to receive up to 50% of the death benefit of the contract, to a maximum of \$1 million. Policy death benefit will be reduced by the amount of the accelerated benefit payable, plus one year's interest. The interest rate charged is the policy loan interest rate. If the policy does not include a loan provision, the interest rate charged is determined monthly and is the variable loan interest rate on currently issued policies.

Our customers choose John Hancock Vitality Term because it's a unique kind of life insurance that offers financial protection and tools to **help them live a longer, healthier, better life.**
